## WELCOME TO THE REVOLUTION!

Just about four months ago we began putting together what has become the inaugural Comic Con Revolution. It's been a busy four months and we wouldn't have been able to get it all done without the help of our amazing friends and family. We can't thank you all enough.

Bringing the first full scale comic con to The Inland Empire, and specifically Ontario, is very special to us. We know how passionate the community is and are very humbled and grateful for the exceptionally positive support we have received. Reading all of the posts and emails bubbling over with excitement has been very rewarding. We took that support as our marching orders to produce an amazing show that The Inland Empire deserves.

We brought out a fantastic guest list of well over 80 guests, an exhibit hall featuring over 200 exhibitors and a full day of panels all capped off by our First Annual Cosplay Revolution Contest. To say we are proud of what we have produced is an understatement.

It's just the tip of the iceberg for what we have planned over the next few years. For instance, we will be two full days in 2018! On top of that, we'll continue to bring out the best guests, exhibitors, panels and experiences in the years to come.

So with that, we invite you to enjoy Comic Con Revolution...

And, of course, thank you for joining the revolution!

*Drew, Gabe, James & Mike*

## COMIC CON REVOLUTION

Comic Con Revolution was founded on very simple principles. We are excited to celebrate comics and the creative arts. At the absolute core of what we do are the creators themselves. The people who create the comics, games, toys, film, movies and more that we all love. Without their tireless dedication to creating the fantastic worlds we all get lost in, events like Comic Con Revolution would not be possible. We strive to create the best possible experience for attendees, exhibitors and guests alike. Our team of event industry veterans are dedicated to working hard to create that experience for each of you.

## ATOMIC CRUSH EVENTS

Atomic Crush Events is an event consultation and management company that was built on experience and innovation. Bringing together expertise in event management, marketing, sales and business development to create a unique team that can analyze and identify the best course of action when developing a live event. Our philosophy is simple - create the best experience possible for attendees, exhibitors and guests alike.

#### Defense Against the Dark Arts

Defense Against the Dark Arts is a panel where model and cosplayer Stephanie Sandmeier and her trusty gang of guests explain how to safely navigate the halls of Comic or Anime conventions - where not even a Patronus can help you - from the Creepers, Death Eaters, self-acclaimed nice Nevilles, or handsy Harrys. There's security, there's "Cosplay is NOT Consent", but this is a "how-to" on identifying and confronting these people to help keep cosplay consensual and safe without needing the Unforgivable Curses. Triggered by watching fellow cosplay and model friends feel scared and uncomfortable while doing photo shoots with certain photographers, Stephanie has adopted Defense Against the Dark Arts for Muggles (and hidden Witches & Wizards) to help build the self-confidence, knowledge of phishing out the creepers from the sea of people, and how to respond to situations that cause discomfort.

Every campaign, every adventure, every roll of the dice  
creates a story that needs to be remembered.

Especially when all you can roll is a "1"
